

**Notice of a Public Hearing on the
Regional Transportation Improvement Program**

The San Joaquin Council of Governments (SJCOC) is currently seeking comments on the 2010 Regional Transportation Improvement Program (RTIP) for San Joaquin County.

The Regional Transportation Improvement Program is a five-year capital improvement program that includes over \$80 million in state funding to various transportation projects for the State Transportation Improvement Program. Projects include local street rehabilitation, state highway improvements, and local road improvements. Each project's scope, cost, and schedule are detailed in the Regional Transportation Improvement Program.

The purpose of the Regional Transportation Improvement Program is to help implement the San Joaquin region's adopted long range Regional Transportation Plan. The San Joaquin Council of Governments will be taking action on submitting the Regional Transportation Improvement Program to the California Transportation Commission (CTC). The CTC adopts the final five-year STIP program and submits it to the legislature and to the Governor. Furthermore, the \$80 million in funding will also require an amendment to the Federal Transportation Improvement Program.

A public hearing will be held at the San Joaquin Council of Governments on January 19, 2010 between 10 a.m. and 11 a.m. The meeting will be held at 555 E Weber Ave., Stockton, CA. 95202. The public comment period for the 2010 RTIP, which begins with this notice, will close at 5 p.m. on Thursday, January 28, 2010. The San Joaquin Council of Governments Board of Directors will be taking action on this item at the January 28, 2010 Board meeting.

A copy of the Regional Transportation Improvement Program is available for review at the SJCOC office at the address above, online at http://www.sjcog.org/docs/pdf/Transportation/RTIP/2010_RTIP_DRAFT_Dec09.pdf , or by calling (209) 235-0600.
