3. Expenditures related to the purchase of zero-emission buses, including electric buses, and the installation of the necessary equipment and infrastructure to operate and support zero-emission buses.

Caltrans, in coordination with the Air Resources Board, shall determine the eligibility of the proposed project based on the documentation provided by the recipient transit agency to ensure compliance with the guidelines. Caltrans will then notify the State Controller of approved expenditures for each transit agency, and the amount of the allocation for each agency determined to be available at the time of approval.

**2. Vamos Update (Joel Campos, SJCOG)**

Joel Campos re-introduced the Vamos Mobility Project staff to the ITC. Each member of the project team provided information on their roles and responsibilities. Staff from Masabi inquired about a countywide file of individuals that are eligible for discounted transit fares and inquired if that could be shared with Masabi so that they could provide individuals on the list with a better user experience. RTD mentioned that they would be happy to assist.

Caroline Rodier gave insight into the data gathering portion of both STEP and IMI, and also shared a report from the ecosystem's grant that initially developed the Vamos Mobility App. A highlight from the report, was that when the group promoted the Vamos in August 2021, there was a spike in use and purchases.

Caroline inquired if the transit agencies would be willing to provide monthly ridership data to support the IMI cooperative agreement with FTA. Juan Portillo requested more information and clarity about the monthly ridership data. Joel Campos and Max Calder informed him that ICF is the independent evaluator for RTD's IMI cooperative agreement with FTA. ICF is evaluating the effectiveness of the Vamos Mobility and is requesting monthly ridership data per route. RTD caveated and stated that they did, however, inform FTA and ICF that this data may be difficult to gather from the smaller transit agencies.

**3. ITC Operating Procedures (Joel Campos, SJCOG)**

Joel Campos read the proposed ITC Operating Procedures. The ITC voted unanimously to approve of the operating procedures.

**4. State and Federal Requirements (All Members)**

John Andoh inquired about LCTOP apportionments. Joel Campos mentioned that he would look into it and provide more information at the next ITC meeting.

**5. Transit Operators Roundtable (All Members)**

Joel Campos displayed the current ITC Marketing Subcommittee roll call list to the group. Joel inquired if it would be appropriate to add staff from the Stanislaus County transit operators on the ITC Marketing Subcommittee so that the group could provide input on any IMI marketing material, and to explore cross-regional marketing campaign ideas. Juan Portillo motioned add the Stanislaus County operators to the ITC Marketing Subcommittee. Max Calder seconded the motion. The motion passed with a unanimous vote.

**6. UTN Update (Joel Campos, SJCOG)**

Joel presented an informational staff report and informed the group that SJCOG received 50 UTN comments from this cycle's public outreach period (Oct 2021 - Dec 2021). Joel mentioned that a SSTAC subcommittee will be formed to review all of the comments in March.
