

SAN JOAQUIN COUNCIL OF GOVERNMENTS SPEAKER SERIES

Data for Decisions: Launching the San Joaquin County Data Compass

Join us on June 24, 2025, from 12:00 to 1:00 PM for a webinar celebrating the launch of the SJC Data Compass—a groundbreaking data platform developed for the San Joaquin Council of Governments (SJCOCG) by the Center for Business and Policy Research (CBPR) at the University of the Pacific. This event will introduce the platform’s mission to improve data accessibility and support informed decision-making throughout San Joaquin County. Attendees will learn how the SJC Data Compass

serves community organizations, policymakers, and residents by providing accessible, comprehensive data on critical topics such as health, the economy, infrastructure, and innovation. The platform is designed to foster collaboration, increase transparency, and support positive regional change. Don’t miss this opportunity to explore the features of the SJC Data Compass and discover how it can be a valuable resource for advancing your community’s goals.
