

Annual Listing of Projects with Federal Funding for Federal Fiscal Year 2024/2025

Federal law requires Metropolitan Planning Organizations (MPO), such as the San Joaquin Council of Governments (SJCOC), to publish an annual listing of projects for which federal funds have been obligated in the region for the preceding Federal Fiscal Year (FFY) 2024/2025, which is the period between October 1, 2024, and September 30, 2025.

This report is published to list all federally funded transportation projects in the San Joaquin County region that were obligated during FFY 2024/2025. Obligation refers to the Federal government's commitment to pay or reimburse the lead agency for the Federal share of a project's cost. Obligation does not indicate expenditure or project completion; only that the project has been approved for Federal reimbursement. Programmed project costs can be found in the corresponding Federal Transportation Improvement Program (FTIP).

Federal Fund Types:

CMAQ	Congestion Mitigation Air Quality
STBG	Surface Transportation Block Grant (also known as Regional Surface Transportation Program, RSTP)
HIP	Highway Infrastructure Program
HSIP	Highway Safety Improvement Program
HR3	High Risk Rural Roads
HBP	Highway Bridge Program
SHOPP	State Highway Operation and Protection Program
CPFCDs	Community Project Funding / Congressionally Directed Spending
