

SJVAPCD's Grants & Incentives: New Alternative Fuel Vehicle Purchase

Purpose of the Program

To fund the purchase of new alternative-fuel vehicles such as electric, plug-in hybrid, or alternative fuel vehicles for public agencies. \$20,000 per vehicle, GVWR of 14,000 lbs. or less.

Eligibility

The applicant must:

- Be a public agency
- Commit to a three (3) year contract period and own/operate the vehicle(s) for the full term of contract
- Have existing charging/fueling infrastructure or have access to existing infrastructure to accommodate the new vehicle(s) OR demonstrate availability or accessibiity by the time the vehicle(s) will be purchased
- Maintain replacement value insurance for the vehicle(s) during contract term
- Ensure each new vehicle purchased comes with a standard manufacturer warranty
- Submit annual reports to Valley Air and allow Valley Air vehicle inspections
- Disclose any additional funding sources or financial incentives for vehicle(s)
- Have match funding available to complete project in timely fashion
- Sign a legally binding contract with Valley Air agreeing to project milestones/completion dates

The new vehicle must:

- Owned and operated by applicant
- Be a new Original Equipment Manufacturer (OEM) electric, plug-in hybrid, or alternative fuel vehicle(s)
- Eligible according to Valley Air guidelines
 - http://www.valleyair.org/Grant_Programs/GrantPrograms.htm%23PublicBenefitGrantProgram
 - Transport/utility cars, scooters, bicycles, etc may also be eligible
- Have a Gross Vehicle Weight Rating less than or equal to 14,000 pounds
- Be domiciled and have at least 75% VMT traveled or fuel consumed within Valley Air District

Other Program Guidelines

- First-come, first-serve.
- This is a reimbursement program. Purchase of vehicle(s) before executed agreement with the District will render proposal ineligible.
- Multiple applications allowed but \$20,000 per vehicle and \$100,000 per calendar year limits
