

STOCKTON MOBILITY COLLECTIVE PROJECT

The California Air Resources Board has awarded SJCOG a \$7.48M Sustainable Transportation Equity Project (STEP) grant to serve disadvantaged communities in Stockton. The grant aims to address community residents' transportation needs, increase access to key destinations, and reduce greenhouse gas emissions.

PROJECT VISION

Transportation Equity

Increased Mobility

Environmental Justice

Clean Transportation

FUNDED PROJECTS

1

COMMUNITY ENGAGEMENT

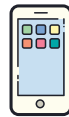

Engage transport-disadvantaged residents in design of projects

2

EZHUB

Combine ticketing, payment, & trip planning of e-bike, e-car, bus, & rail to one mobile application

3

ELECTRIC VEHICLE SHARE

30 electric cars & 10-15 charging stations around affordable housing and ACE/Amtrak stations

4

ELECTRIC BICYCLE SHARE

100 e-bikes in Stockton to increase access to key destinations and resources

5
