

San Joaquin One Voice® Project Request

I-205 Lammers Interchange

Project Summary:

Residents in San Joaquin County have one of the longest commute times in the nation. The construction of a new interchange at Lammers Road and I-205 is necessary to relieve traffic congestion from the I-205 corridor to the City of Tracy and Mountain House areas. The project will provide connectivity to both east and westbound ramps from Eleventh Street and Byron Road. It will also provide access to the International Park of Commerce, the County's largest planned industrial park. The total construction cost for the interchange is approximately \$63 million. The requested federal appropriations is \$5 million.
